- CURRENTLY BEING UTILIZED BY MILITARY, FEDERAL, & LAW ENFORCEMENT AGENCIES

HELMET MOUNTED TRAINING FACIAL PROTECTION SYSTEMS

The Eye Tactical Training Helmet Mounted Facial protection Systems are changing the way the Military, Federal, and Law Enforcement Agencies are conducting CCMCK, SEASAMS, and other force on force training exercises. Each Training system meets and exceeds ANSI Z87.1+ and MIL-V-43511C Impact Standards. Utilizing a Quick Change Lens System, Operators can quickly switch the 3.4mm polycarbonate lenses to adapt to changing lighting conditions. Every lens Eye Tactical offers has been treated with an Anti-Fog/Anti-Scratch coating to provide the user with a longer lasting lens and superior vision in all weather conditions. Compatible with most prescription eyewear, the Eye Tactical Systems eliminate the need for RX inserts. Each system comes with a removable neck and throat protector, made of a breathable material, that can be washed after each training evolution. The Eye Tactical Systems are currently being used by the U.S. Military, Federal, and Law Enforcement agencies.
